GOD FOR A DAY is a comic extravaganza which touches on the deeper mysteries of love and spirituality. The characters are God, Adam and Eve, a cosmic adventuress named Scherezade, a wizard named Abracadabra, the Archangel or All Archangels...you get the picture. God decides to take a day off, and Eve comes out of retirement to win the universe-wide God for a Day contest. She introduces the Heavenly Games of Love (a sort of cosmic Olympics), Earth fields a team, and the rest is, well, if not history, an awfully good read.

Nathaniel Schiffman explains the principles of deception, exposing those seemingly innocent motions that conceal vital actions from onlookers; how the conjurer uses misdirection of space and time to mislead the audience; how silly and simple optical illusions can fool us; and what to look for during a magic show. is the world of offstage magic. Some magicians use various techniques in life to deceive and influence you, yet these magicians don't boast of their magic talent, because they are advertisers, politicians, generals, spies, con artists, computer programmers, movie directors, faith healers, psychics, and others. These magicians work to make you buy their product, believe in their cause, and influence your thinking from the time you get up in the morning, until you go to bed at night. This is not a how to book for aspiring magicians, but a layperson's guide to methods used to mislead or fool you.

Abracadabra is a fantastical and inventive addition to the tradition of noir writing, which not only delights and surprises at every turn but also raises important questions about identity, the human condition, the nature of evil, and the state of the union. Because the many twists and turns the plot takes are all but impossible to anticipate, the experience of reading Abracadabra is deliciously magical.
