both the short- and long-term context. Budgets are then discussed as devices that connect planning and control decisions. Within each chapter, a specific decision problem is framed in a four-step manner. Throughout the pages, Chapter Connections ties the decision problems to concepts in earlier chapters. End-of-chapter material also provides a good balance of quantitative and qualitative problems. This approach enables managers to learn the linkages among seemingly unrelated decisions.

and comprehensive texts on accounting theory. Authors Harry I. Wolk, James L. Dodd, John J. Rozycki provide a critical overview of accounting as a whole as well as touch on the financial issues in economic and political contexts, providing readers with an applied understanding of how current United States accounting standards were derived and where we might be headed in the future. Readers will find learning tools such as questions, cases, problems and writing assignments to solidify their understanding of accounting theory and gain new insights into this evolving field.

This text provides the most rigorous analysis of business law to students taking business and finance related courses. Building on the 30 year success of Card & James: Law for Accountancy Students, Lee Roach has taken this classic text and developed it to create a new textbook suited to today's business student.

The books are prepared in accordance with the syllabus developed by the NCERT and adopted by the CBSE. Text is supported by suitable illustrations, Solved Problems, Theoretical Questions and Practical Exercises. There are over 40 exhibits to acquaint students with the various accounting treatments and formats. Revision One Day Before Examination, Important Theoretical Question Bank, Provisional Test Papers, Model Test Papers and Pre-Board Test Papers are given for revision.
