This unauthorized biography pries T, as it's known, loose from over a century of misconceptions that undermine science even as they make urban legends about this hormone seem scientific. T's story didn't spring from nature: it is a tale that began long before the hormone was even isolated, when nineteenth-century scientists went looking for the chemical essence of masculinity.

* With Testosterone: An Unauthorized Biography, we can add testosterone folklore to the mythology claiming that biology determines our character, behavior, and status. Jordan-Young and Karkazis brilliantly show how a wide range of popular beliefs and scientific research about testosterone support dangerous gender, race, and class stereotypes that blame biological differences for inequalities of power.
