bash Pocket Reference book. Read 2 reviews from the world's largest community for readers. It's simple: you need to know how to work with the bash shell ...

**bash Pocket Reference by Arnold Robbins**

As the copy on the back of this book claims, the O'Reilly 'Bash Pocket Reference' allows one to "quickly find answers to the annoying questions that always come up when you're writing shell scripts." As you would expect, this is a reference manual, and unless you already know the fundamentals of BASH, it won't be of much use, unless used in conjunction with another, more expansive book.
