Business And Professional Communication In A Digital Age

Gain the knowledge and skills you need to move from interview candidate, to team member, to leader with this fully updated Fourth Edition of Business and Professional Communication by Kelly M. Quintanilla and Shawn T. Wahl. Accessible coverage of new communication technology and social media prepares you to communicate effectively in real world settings. With an emphasis on building skills for business writing and professional presentations, this text empowers you to successfully handle important work-related activities, including job interviewing, working in team, strategically utilizing visual aids, and providing feedback to supervisors. New to the Fourth Edition: A New " Introduction for Students " introduces the KEYS process to you and explains the benefits of studying business and professional communication. Updated chapter opening vignettes introduce you to each chapter with a contemporary example drawn from the real world, including a discussion about what makes the employee-rated top five companies to work for so popular, new strategies to update PR and marketing methods to help stories stand out, Oprah Winfrey ' s 2018 Golden Globe speech that reverberated throughout the #metoo movement, Simon Sinek ' s " How Great Leaders Inspire Action " TED talk, and the keys to Southwest Airlines ' success. An updated photo program shows diverse groups of people in workplace settings and provides current visual examples to accompany updated vignettes and scholarship in the chapter narrative.

Updated in its 2nd edition, Business & Professional Communication focuses on the core concepts and skills of business and professional communication, with an emphasis on leadership for today's global workplace. This comprehensive text is organized around five fundamental principles of communication, providing a useful pedagogical framework for the reader. These principles are applied to a variety of business and professional contexts, including workplace relationships, interviewing, group and team work and giving presentations.

Students preparing to succeed in today's workplace require solid training in communication skills and principles, as well as experience applying them in realistic professional contexts. In Business and Professional Communication, Kory Floyd and Peter Cardon incorporate substantial business-world experience throughout the text's principles, examples and activities. They ensure that the theories, concepts, and skills most relevant to the communication discipline are fully represented. The result is a program that helps students understand and apply communication skills in both their personal and professional lives. The 'People First' feature presents students with realistic scenarios that are sensitive, discomfoting, or tricky to manage. It then teaches students how to navigate those situations effectively. This gives students concrete skills for preserving relationships with others as they encounter these difficult conversations. Unique to the market, this text includes a dedicated chapter focused on perspective-taking: covering the processes of person-perception; common perceptual errors; the self-serving bias and the fundamental attribution error; the self-concept; and the processes of image management. This equips students to understand and pay attention to the perspectives of others. Business and Professional Communication also includes a dedicated chapter focused on career communication, encouraging students to engage in networking and to consider the priorities and points of view of others as they seek employment and begin to interact professionally.

Students preparing for a career in business and the professions have a valuable tool in this engaging overview of the skills needed to communicate successfully in every stage of professional life: securing a job, making a good first impression, and advancing into management and leadership positions. Writing in an informal, conversational style, the authors discuss the fundamentals of business communication in today's global workplace, providing practical advice, meaningful applications, and sample documents to illuminate the discussion. Young and Travis liken the career-building process to creating an image or brand that employers recognize as a good fit for their companies. They cover the outward packaging components like verbal ability and appearance, progressing to the critical follow-through skills that contribute to a consistent, professional image: interpersonal competency, excellent writing skills, technical proficiency, problem-solving ability, enthusiasm and flexibility, and a strong ethical foundation. Ethical Encounters boxes throughout challenge readers to make ethical choices, while objectives and key terms in each chapter frame and reinforce key concepts. Abundant exercises prompt readers to analyze their communication strengths and weaknesses and provide ample opportunities to apply the chapter content.

What communication skills are essential in today's global economy? BUSINESS AND PROFESSIONAL COMMUNICATION IN THE GLOBAL WORKPLACE, Third Edition, provides a strong theoretical foundation of organizational communication for the business and professional communication course. Featuring coverage of the most up-to-date skill set available, the book considers the rapid changes in professional communication due to the global economy, advances in information technology, and an increasingly diverse workforce. The authors' engaging narrative style, the unique CCCD model (Choosing, Creating, Coordinating, and Delivering) for building presentation competencies, and an integrated companion website combine to provide today's definitive resource on professional communications. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

For courses in Business and Professional Communication Real business examples and fundamental skill building Business and Professional Communication places a strong emphasis on presentations in business settings to better prepare students for the realities of daily career life. Jim DiSanza and Nancy Legge's comprehensive topic coverage offers clear guidance for all communication practices in businesses and organizations. Centered on the notion that business communication can influence the interpretation of issues and events, the Sixth Edition provides students with practical tips, contemporary applications, and a survey of the relevant contexts for business and professional communication. NOTE: This ISBN is for a Pearson Books a la Carte edition: a convenient, three-hole-punched, loose-leaf text. In addition to the flexibility offered by this format, Books a la Carte editions offer students great value, as they cost significantly less than a bound textbook.

Adults of any age and job level need to develop an understanding of the issues and concerns that will face them in the next millennium—from relational life, work life, public life, and techno-life. This book introduces readers to the problems they will face and provides them with the necessary skills they'll need in order to cope with this fast-paced environment. Through in-depth discussions of important topics as gender, diversity, humor in the professional setting, and business etiquette and protocol, this volume moves to new territory that existing books have not yet explored. Topics include: the communication process; the art of listening; the care and feeding of an interpersonal network; groups and teams; diversity; leadership; business presentations, and more. Professionals who want to get ahead in their workplace as they gear up for a whole new century.

With its emphasis on Australia and New Zealand, this book is a comprehensive and cutting-edge introduction to professional communication.

By developing a comprehensive topic coverage emphasizing the importance of business presentations, DiSanza's Business and Professional Communication gives readers a grounded framework with real business examples and fundamental skill-building. Centered on the notion that business communication can influence the interpretation of issues and events, this text provides students with practical tips, contemporary applications, and a survey of the relevant theories.
