Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its

reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Interventions in Oncology, the latest in the Society of Interventional Radiology (SIR) Syllabus Series, is a state-of-the-art textbook on radiologically guided diagnosis and minimally invasive treatment options in patients with cancer. The text includes imaging strategies and discussions of treatment options including chemotherapy, embolization, radiofrequency ablation, brachytherapy, and gene therapy. Special emphasis is given to hepatic malignancies and their interventional radiologic treatment options.

Absolutely everything you need to get ready for Algebra Scared of square roots? Suspicious of powers of ten? You're not alone. Plenty of school-age students and adult learners don't care for math. But, with the right guide, you can make math basics "click" for you too! In Basic Math & Pre-Algebra All-in-One For Dummies, you'll find everything you need to be successful in your next math class and tackle basic math tasks in the real world. Whether you're trying to get a handle on pre-algebra before moving to the next grade or looking to get more comfortable with everyday math—such as tipping calculations or balancing your checkbook—this book walks you through every step—in plain English, and with clear explanations—to help you build a firm foundation in math. You'll also get: Practice quizzes at the end of each chapter to test your comprehension and understanding A bonus online quiz for each chapter, with answer choices presented in multiple choice format A ton of explanations, examples, and practice problems that prepare you to tackle more advanced algebraic concepts From the different categories of numbers to mathematical operations, fractions, percentages, roots and powers, and a short intro to algebraic expressions and equations, Basic Math & Pre-Algebra All-in-One For Dummies is an essential companion for anyone who wants to get a handle on the foundational math concepts that are the building blocks for Algebra and beyond.

FINANCIAL ACCOUNTING: THE IMPACT ON DECISION MAKERS, Ninth Edition, is packed with decades of academic and real-world accounting experience. This text provides the appropriate blend of academic rigor with step-by-step learning and decision-making models that reach today's students and equip them with the skills they need to be effective decision makers and future business leaders. Instead of an abstract approach to accounting, FINANCIAL ACCOUNTING: THE IMPACT ON DECISION MAKERS takes students through recognizable focus companies and their specific financial data and business strategies, imparting students with real-life experience and a model to hone the skills necessary to making important decisions. This edition features three key models that provide students with a more structured approach to understanding financial data and how it is used to make sound business decisions. The Transaction Analysis Model helps students see the effects an economic event has on the accounting equation and financial statements. The Financial Decision Framework focuses on ratio analysis and financial decisions, and the Ethical Decision Model helps students apply ethical judgment when applying accounting principles. FINANCIAL ACCOUNTING: THE IMPACT ON DECISION MAKERS, Ninth Edition, will not only help your students learn and understand core accounting rules and procedures but it will also give them a framework through which they can apply their knowledge to make effective business decisions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

At a time when artists are independently releasing their own music and acting as their own self-publishers, there has never been a greater need for a simple and easy-to-read introduction to the business and creative aspects of music publishing for musicians. Written by two musicians and industry pros with decades of experience, *Introduction to Music Publishing For Musicians* is organized into seven clearly written sections that will help musicians save time and avoid getting screwed. Topics include the basics of copyrights, types of publishing income, publishing companies and types of deals, creative matters of music publishing, and things you need to know about music publishing's future. The book features: Short digestible chapters written in a conversational tone to keep artists focused Section-by-section FAQs that expand on key issues that musicians encounter today Boxed text stories featuring current events to emphasize key concepts Interviews with top beat makers, collaborators, and more to provide secrets of success A glossary to help you keep track of important publishing terms Publishing resources offering to help you place and promote your music Chapter quizzes and activity assignments to help measure your knowledge Bobby Borg and Michael Eames have created a compact, simple and easy-to-read overview of today's music publishing industry that caters to both students and musicians (songwriters, producers, beat makers, and more) who want quick, up-to-date, credible, and relatable information so that they can get back to doing what they like best: creating music!

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.
