From the world's most influential management consulting firm, McKinsey & Company, an insight-packed, revelatory look at how the best CEOs do their jobs based on extensive interviews with today's most successful corporate

Download Ebook Chief Executive

leaders—including chiefs at Netflix, JPMorgan Chase, General Motors, and Sony. Being a CEO at any of the world's largest companies is among the most challenging roles in business. Billions, and even trillions, are at stake—and the fates of tens of thousands of employees often hang in the balance. Yet, even when “can’t miss” high-achievers win the top job, very few excel. Thirty percent of Fortune 500 CEOs last fewer than three years, and two out of five new CEOs are perceived to be failing within eighteen months. For those who shoulder the burden of being the one on whom everyone counts, a manual for excellence is sorely needed. To identify the 21st century's best CEOs, the authors of CEO Excellence started with a pool of over 2400 public company CEOs. Extensive screening distilled that group into an elite corps, sixty-seven of whom

agreed to in-depth, multi-hour interviews. Among those sharing their views: Jamie Dimon (JPMorgan Chase), Satya Nadella (Microsoft), Reed Hastings (Netflix), Kazuo Hirai (Sony), Ken Chenault (American Express), Mary Barra (GM), and Peter Brabeck-Letmathe (Nestlé). What came out of those frank, no-holds-barred conversations is a rich array of mindsets and actions that deliver outsized performance. Compelling, practical, and unprecedented in scope, *CEO Excellence* is a treasure trove of wisdom from today's most elite business leaders.

Legal scholar Peter M. Shane confronts U.S. presidential

Download Ebook Chief Executive

entitlement and offers a more reasonable way of conceptualizing our constitutional presidency in the twenty-first century. In the eyes of modern-day presidentialists, the United States Constitution's vesting of "executive power" means today what it meant in 1787. For them, what it meant in 1787 was the creation of a largely unilateral presidency, and in their view, a unilateral presidency still best serves our national interest. Democracy's Chief Executive challenges each of these premises, while showing how their influence on constitutional interpretation for more than forty years has set the stage for a presidency ripe for authoritarianism. Democracy's Chief Executive explains how dogmatic ideas about expansive executive authority can create within the government a psychology of presidential entitlement that

Download Ebook Chief Executive

threatens American democracy and the rule of law. Tracing today's aggressive presidentialism to a steady consolidation of White House power aided primarily by right-wing lawyers and judges since 1981, Peter M. Shane argues that this is a dangerously authoritarian form of constitutional interpretation that is not even well supported by an originalist perspective. Offering instead a fresh approach to balancing presidential powers, Shane develops an interpretative model of adaptive constitutionalism, rooted in the values of deliberative democracy. Democracy's Chief Executive demonstrates that justifying outcomes explicitly based on core democratic values is more, not less, constraining for judicial decision making--and presents a model that Americans across the political spectrum should embrace.

This report proposes orderly methods of selecting a qualified police chief executive and of retaining him after selection. It also suggests means by which communities can increase the effectiveness of their police chief executives by ensuring the authority, resources, and tenure necessary to fulfill the responsibilities of the positions properly. In addition, this report sets out procedures, grounded on American constitutional notions of fairness and due process, for removing an unqualified police chief executive from office. The eighteen standards presented, along with their related commentaries, were developed and reviewed by the police chief executive committee of the International Association of Chiefs of Police (IACP), which, with funding support from the

Law Enforcement Assistance Administration (LEAA), conducted a yearlong study into the role and position of police chief executives. The appendix contains a discussion of the research methodology, copies of the survey questionnaires, and statistical summaries of questionnaire responses. An index is provided.

For any CEO who wants to achieve and sustain superior shareholder value growth. All chief executives want to deliver superior returns for their shareholders, however only a few have been able to do so on a sustainable basis. Beliefs, Behaviors, and Results profiles how the best Fortune 200 CEOs have been able to outperform their peers and sustain superior shareholder returns by institutionalizing a set of

Download Ebook Chief Executive

beliefs and behaviors in their organizations. Through the words and case examples of these leading chief executives, the authors capture the five core principles that have transformed the performance of some of the world's best corporations. Readers will learn how the CEOs of these companies united their organizations around a common definition of winning, how they helped their managers capture a greater share of market profits, and how they established a culture where all managers think and act like entrepreneurial owners. Readers will learn how the best executives:

- * Look at markets differently to identify new profitable growth opportunities
- * Develop strategic innovations that are at least as valuable as new product innovations in driving shareholder value growth
- * Establish a reinvestment advantage that is

Download Ebook Chief Executive

difficult for competitors to match * Sustain superior performance over time In addition, the reader will learn the: *

- Common mistakes that prevent most management teams from maximizing profitable growth and shareholder value *
- Specific actions that all senior managers can take to materially change sustainable performance of their corporation

This is a reprint of a previously published work. It deals with the behavior, styles, and attitudes of chief executive officers
