Automatic transmission 4L30E has established itself as a fairly reliable transmission. However, it must be said that hydraulic drive and torque converter had a limited resource. As a rule, after running more than 200.000 kilometers irreversible changes are noticed. In other case you have to repair 4L30E that can cost you a lot of money. The problem is a pump sleeve, that frequently is being ...

Honda's older transmissions such as the Hondamatic semi-automatic transmission and its successors use traditional, individual gears on parallel axes like a manual transmission, with each gear ratio engaged by a separate hydraulic clutch pack. This design is also noteworthy because it preserves engine braking by eliminating a sprag between first and second gears. Instead of a sprag or roller ...
