The first biography of Fred Sanger, shedding light on his remarkable life and career and exploring his continuing legacy.

This succinct, interdisciplinary introduction to critical reasoning successfully dares students to question their own assumptions and to enlarge their thinking world through the analysis of the most common problems associated with everyday reasoning. The text offers a unique and effective organization: Part I explains the fundamental concepts; Part II describes the most common barriers to critical thinking; Part III offers strategies for overcoming those barriers; Part IV offers a selection of contemporary issues that invite students to practice their skills.

This book reveals that British modernists read widely in anthropology and ethnography, sometimes conducted their own 'fieldwork', and thematized the challenges of cultural encounters in their fiction, letters, and essays.
