Deliver us from those who plot evil and conspire wicked plans we pray. Father, hear our petition and grant us victory over those who would attempt to bring pain, destruction and torment to others. Help us to advance from victory to victory, crush the wickedness and oppression of our enemies, and establish Your justice among men and among nations.

The author of Ignore Everybody presents a new collection of irreverent cartoons that celebrate offbeat examples of how to enjoy work and life by engaging in happiness-promoting activities that are likely to incite the wrath of others.

The acclaimed author of Ignore Everybody is back with more irreverent wisdom, wit, and original cartoons. "It has never been easier to make a great living doing what you love. But to make it happen, first you need an EVIL PLAN. Everybody needs to get away from lousy bosses, from boring, dead-end jobs that they hate, and ACTUALLY start doing something they love, something that matters. Life is short." -Hugh MacLeod Freud once said that in order to be truly happy people need two things: the capacity to work and the capacity to love. Evil Plans is about being able to do both at the same time. The sometimes unfortunate side effect is that others will hate you for it. MacLeod's insights are brash, wise, and often funny.

A delightfully evil gift, How to Be a Villain is a step-by-step guide to joining the forces of darkness. Because, though villains may never win, they sure have more fun, hatching master plans for world domination, smoothing their dastardly tights. Neil Zawacki answers all the most urgent questions: Should I go with a black or red theme? Do I invest in an army of winged monkeys or ninja warriors? And just where will I put the evil hideout? Whether readers choose to pursue a career as a Criminal Mastermind, Mad Scientist, Corporate Bastard, or just a Wanna-be Evil Genius, they are sure to find plenty of tips for jumpstarting any evil enterprise. Cheaper than attending the annual bad guy conference and way more fun than being good, How to Be a Villain is guaranteed to elicit deep-throated evil laughs across the land.

The Joker escapes from Arkham Asylum again and tricks Batman into following him into an old warehouse that has been remodeled into a deadly fun house, complete with clown robots and lethal amusement rides.

When Hugh MacLeod was a struggling young copywriter, living in a YMCA, he started to doodle on the backs of business cards while sitting at a bar. Those cartoons eventually led to a popular blog - [gapingvoid.com](#) - and a reputation for pithy insight and humor, in both words and pictures. MacLeod has opinions on everything from marketing to the meaning of life, but one of his main subjects is creativity. How do new ideas emerge in a cynical, risk-averse world? Where does inspiration come from? What does it take to make a living as a creative person? Now his first book, *Ignore Everyone*, expands on his sharpest insights, wittiest cartoons, and most useful advice. A sample: *Selling out is harder than it looks. Diluting your product to make it more commercial will just make people like it less. *If your plan depends on you suddenly being "discovered" by some big shot, your plan will probably fail. Nobody suddenly discovers anything. Things are made slowly and in pain. *Don't try to stand out from the crowd; avoid crowds altogether. There's no point trying to do the same thing as 250,000 other young hopefuls, waiting for a miracle. All existing business models are wrong. Find a new one. *The idea doesn't have to be big. It just has to be yours. The sovereignty you have over your work will inspire far more people than the actual content ever will. After learning MacLeod's 40 keys to creativity, you will be ready to unlock your own brilliance and unleash it on the world.

My FANGtastically Evil Vampire Pet, the epic spin-off of Mo O'Hara's New York Times bestselling *My Big Fat Zombie Goldfish* series features an aspiring evil scientist, paranormal pets, and plenty of hilarious summer camp shenanigans. Welcome to Camp Mwhaaa-haa-ha-a-watha! This summer is going to be epic. Epicly evil, that is. Cause m going to Evil Scientist Summer Camp! No annoying little brothers. No annoying zombie goldfish. Just me, my best friend Sanj, our notebook of evil plans, and my truly evil (and totally forbidden) vampire kitten Fang. We've got it all planned out. Okay, so maybe I didn't expect for the totally not-evil Geeky Girl to show up, or for Sanj to find a new partner to work with, but there's no way m going to let them ruin my summer. Evil Emperor of the Camp, here I come! Signed, The Great and Powerful Mark

When Fiona's father, who is an evil genius, is kidnapped and ransomed for his nuclear bomb, Fiona must defeat the kidnapers and save her father using her flamethrower arm.

In a hilarious tale reminiscent of T. H. White, a lost boy finds himself an unlikely apprentice to the very old, vaguely evil, mostly just grumpy Wizard Smallbone. When twelve-year-old Nick runs away from his uncle's in the middle of a blizzard, he stumbles onto a very opinionated bookstore. He also meets its guardian, the self-proclaimed Evil Wizard Smallbone, who calls Nick his apprentice and won't let him leave, but won't teach him magic, either. It's a good thing the bookstore takes Nick's magical education in hand, because Smallbone's nemesis—the Evil Wizard Fidelou—and his pack of shape-shifting bikers are howling at the borders. Smallbone might call himself evil, but compared to Fidelou, he's practically a puppy. And he can't handle Fidelou alone. Wildly funny and cozily heartfelt, Delia Sherman's latest is an eccentric fantasy adventure featuring dueling wizards, enchanted animals, and one stray boy with a surprising knack for magic.

From Victor Frankenstein to Lex Luthor, from Dr. Moreau to Dr. Doom, readers have long been fascinated by insane plans for world domination and the madmen who devise them. Typically, we see these villains through the eyes of good guys. This anthology, however, explores the world of mad scientists and evil geniuses—from their own wonderfully twisted point of view. An all-star roster of bestselling authors—including Diana Gabaldon, Daniel Wilson, Austin Grossman, Naomi Novik, and Seanan McGuire...twenty-two great storytellers all told—have produced a fabulous assortment of stories guaranteed to provide readers with hour after hour of high-octane entertainment born of the most megalomaniacal mayhem imaginable. Everybody loves villains. They're bad; they always stir the pot; they're much more fun than the good guys, even if we want to see the good guys win. Their fiendish schemes, maniacal laughter, and limitless ambition are legendary, but what lies behind those crazy eyes and wicked grins? How—and why—do they commit these nefarious deeds? And why are they so set on taking over the world? If you've ever asked yourself any of these questions, you're in luck: It's finally time for the madmen's side of the story. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

In this fifth instalment in Soman Chainani's New York Times bestselling fantasy series, *The School for Good and Evil*, Sophie, Agatha, and their friends must find a way to overthrow the sinister evil that twists lies into the truth and seeks to rewrite their story.
