An internationally recognized clairvoyant empath introduces the concept of "vibrational beings" to explain how a person's thoughts, emotions, and natural frequencies affect the self and one's surrounding world, in a guide that reveals how to calm the mind in order to achieve a natural and more peaceful state of existence. 35,000 first printing.

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

"You can not have a life, you can not lose a life... You are life. It is you who hold the power to decide yourself back onto the path you intended...the path of welcoming and becoming your own bliss." The Sculptor In The Sky, the new book by spiritual catalyst, Teal Scott takes you on a journey of rediscovery of the universe of god and of yourself. This extraordinary book challenges us to reconnect with the eternal essence of our being and to expand our ideas about the reality we live in It is a must have for the curious, the wanting and the ready. A provocative guide to answering the questions that every person asks at some point in their life.

Have you ever imagined what life was like in heaven before Lucifer's rebellion? Or questioned how his rebellion came to this world? If so, then this book is for you! If not, you'll still relish this modern retelling of the great controversy between Lucifer and Michael--an event so Cosmos-shaking that it changed the entire Universe forever! In this Biblically based historical-fiction work, Ralph Owens has created a compelling story, as seen through the eyes of Zuriel, one of Lucifer's personal assistants. Using colorful, lavish and sometimes poignant, heart-rending words, the author paints a detailed picture -- which gives us a front-row seat view into the peaceable and harmonious sights and sounds of Salem along with conversations about the rumors, accusations and betrayals that came with the rebellion. The story reveals the plan for Michael to become human in order to woo rebel humans and to vindicate the character of Deity. As the story unfolds, Zuriel himself must make the choice all must make: whether to obey and worship the source of rebellion or to serve and worship Deity (Eli-Mehlek, Michael and Ruash), the originators of life and happiness. Feel your admiration and spiritual awareness of a just and trustable Deus grow as you read the intense drama of this conflict, the self-sacrificing plan that was needed to reconcile mankind and the glorious, triumphant finale that rids the universe of rebellion forever. It will leave you breathless and asking yourself: Whose side am I on?

Women are the future of American business. According to a recent Nielsen report, women will control two-thirds of American consumer wealth in less than a decade. And yet almost all business and success literature is still written for men--dispensing advice that doesn't take into account women's unique strengths or address the demands of family life on mothers. Think and Grow Rich for Women is a powerful new book--from the award-winning author of Think and Grow Rich: Three Feet from Gold and coauthor of the multimillion-selling Rich Dad, Poor Dad. It combines Hill's classic Thirteen Steps to Success with case studies of noteworthy women (including Sandra Day O'Connor, Maya Angelou, Katie Couric, Caroline Kennedy, Madonna, Oprah Winfrey, Margaret Thatcher, Condoleeza Rice, J. K. Rowling, Barbara De Angelis, Marianne Williamson Angela Merkel, Mary Kay Ash, IBM CEO Ginni Rometty and many more), outlining a master plan for success for all women.

A powerful and compassionate debut novel about friendship and how it helps shape us into the people we are The Intimates is a brilliant and deeply moving first novel about the varieties of romance. Spanning years and continents, beginnings and endings, it is about two gifted and striving people who discover themselves in the reflection they see in each other, and how their affinity anchors them at critical points in their lives. Maize and Robbie are drawn to each other from the first time they meet in high school. When it becomes obvious that their relationship won't be sexual, they establish a different kind of intimacy: becoming each other's 'human diaries.' Their passionate Friendship plays out against a backdrop of charged connections: with lovers and would be lovers, family members, teachers, and bosses. For the better part of a decade they're inseparable fellow travelers, but ultimately they must confront the underside of the extreme and complicated closeness that has sustained them since they were teenagers. Full of indelible characters, engrossing situations, and observations as sharply witty as they are lovely and profound, The Intimates renders the wonders and disappointments of becoming an adult, the thrills and mesmerizing illusions of sex, and the secrets we keep from others and ourselves as we struggle to locate our true character. The Intimates marks the emergence of a remarkable new voice.
