BWW Review: Burning Coal Theatre Company's GIRLS AND BOYS

Thank to this play, culminating in an iconic scene of poetic "duel" between Aeschylus and Euripides, Aristophanes provides a scathing commentary on the bankrupt political values of his time.

Euripides is known in literature & fiction circles as a Greek tragedian of classical Athens. Euripides is one of the few whose dramas & plays have survived. Ancient & medieval scholars have attributed 95 dramas & plays to Euripides, of which 19 are known to have survived more or less complete. Euripides is identified with theatrical innovations that have profoundly influenced drama & plays down to modern times. He was unique among the writers of ancient & medieval Athens for the sympathy he demonstrated towards all victims of society, including women. This anthology volume of Euripides includes Four Dramas & Plays; Medea a Greek tragedy, Hippolytus a Greek tragedy, Heracles a Greek Tragedy, and Bacchae a Greek tragedy which was posthumously produced.

Over the past decades there has been something of a revolution in the way we view classical drama generally and Euripides in particular. This book, updated in a second edition, reflects that revolution and aims to show how Euripides was continually reinventing himself. A truly Protean figure, he seems to set out on a new journey in each of his surviving 19 plays. Between general introduction and final summary, Morwood's chapters identify the themes that underlie the plays and concentrate, above all, on demonstrating the extraordinary diversity of this great dramatist. New to this edition, which is updated throughout, are further details on the individual plays and extra suggestions for background reading. The volume is a companion to The Plays of Sophocles and The Plays of Aeschylus (both by Alex Garvie) also available in second editions from Bloomsbury. A further essential guide to the themes and context of ancient Greek tragedy may be found in Laura Swift's new introductory volume, Greek Tragedy.

This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature. In an attempt to preserve, improve and recreate the original content, we have worked towards: 1. Type-setting & Reformatting: The complete work has been re-designed via professional layout, formatting and type-setting tools to re-create the same edition with rich typography, graphics, high quality images, and table elements, giving our readers the feel of holding a 'fresh and newly' reprinted and/or revised edition, as opposed to other scanned & printed (Optical Character Recognition - OCR) reproductions. 2. Correction of imperfections: As the work was re-created from the scratch, therefore, it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing content/pages, and/or other related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. **HAPPY READING!**

In these three plays, Euripides points a very stern finger at those who seek retribution through war or vengeance. All three tragedies are connected to the Homeric myth of the Trojan War. The Trojan Women is a shocking exhibition of the egregious crimes that are committed during a war and a magnificent court case between two queens: Hekabe, the queen of the once-glorious city Troy, and Helen, the Queen of Sparta. Orestes finds himself ensnared in a cycle of revenge and retribution that devastates his family - turning a wife against her husband, children against their mother, a niece and nephew against their uncle - until Apollo intervenes to restore peace. Rhesus, a warrior from Thrace and an ally of Troy, enters the war late only to be killed during the same night by Diomedes - aided by the goddess Athena, who was on the side of the Greeks.

Classic Greek plays offer a caricature of Socrates, a flawed utopia, a clever plan to gain peace, and a debate between deceased playwrights

"Here Euripides stands, in vigorous English versions that fully do him justice. The most modern of the Greek tragedians has found a compelling modern form."--Robert Fagles

Andromache, written in the early years of the Peloponnesian War, shows the effects of war on the conquerors and the conquered. The other main theme is the role and nature of women, explored through the conflict between the contrasting figures of Andromache and Hermione. The play has a bold and original structure, which finds room for paranoia, nymphomania, racialism, blackmail, treachery, mental breakdown, elopement and revenge. The climax is a messenger speech describing the lynching of Neoptolemus in the temple of Apollo at Delphi. Fully revised new edition.

Each of the sixteen tragedies is preceded by notes on plot, theme, and characters
