The story of a boy and his father on a car trip through Europe, searching for the boy's mother, who left many years ago to find herself. Structured as a deck of cards -- each chapter is one card in the deck -- The Solitaire Mystery subtly weaves together fantasy and reality, fairy tales and family history.

A picture book with fundamental philosophical questions, posed in a way only Jostein Gaarder is capable of. The illustrator has made an independent visual narrative that underscores the existential aspect of Jostein Gaarder's philosophical questions. Questions Asked shows confidence in a child's capacity to think deeply and read between the lines. The book follows a little boy traveling alone in an open landscape. Soon we realize he is on a journey of thoughts and dreams, asking questions about loss, myth, language, magic, and what it means to be a human being. Jostein Gaarder's philosophical questions merge with the beautiful illustrations of Akin D ü zakin into a tale of friendship, love, and grief - and about daring to think about life as you live it.

An Unreliable Man is a moving and thought-provoking novel about loneliness and truth, about seeking a place in the world, and about how storytelling gives our lives meaning. Decades after his global bestseller *Sophie's World*, Jostein Gaarder has written a poignant and funny book for our times - full of life and hope. Two former lovers are brought back together ... but can they really trust their pasts? The new novel from the bestselling author of *SOPHIE'S WORLD*. Through five intense years in the 1970s, Steinn and Solrunn had a happy life together. Then they suddenly parted ways, for reasons that are unclear to both. In the summer of 2007 they meet again on a balcony of an old wooden hotel by a fjord in western Norway. It is a place they both have fond memories from, and their meeting turns out to be fateful. But is it purely coincidental that they meet at that particular spot at that particular time? Over a couple of weeks that summer they write emails to each other, and it becomes clear that they have been living with very different interpretations of their shared past...

In February 1943, the heavy water plant in Vermork/Rjukan, which Hitler needed for the making of the atomic bomb, was rendered useless by a combined British/Norwegian sabotage operation. This operation became a legend in history. What is less well known is the fact that there was an earlier attempt at sabotaging the plant in late 1942. This failed attempt is known in history as Operation Freshman. This book is about the successful operation, but it also describes the failed one: what

happened before, during, and after the operation. It describes the planning, the German response, and the horrible way the German forces dealt with the captured allied soldiers in the aftermath of the failed attack on Hitler's heavy water plant.
