mathematics, celestial mechanics, fluid mechanics, the special theory of relativity and the philosophy of science.

Henri Poincaré (1854 - 1912) - Biography - MacTutor ...

Henri Poincaré: A Scientific Biography is a welcome addition to the historiography of science. We have our biographies of political figures, activists, and literati but there is less material on scientists. This book makes a contribution by examining the life of an important scientist. Poincaré was of course more than a scientist.
