The lonely witch Bertha sat at the window of her bedroom in a large and dusty castle. Across the river a group of villagers laughed and played, and averted their eyes from the watching witch. They were afraid of her, but Bertha did not understand why. She was a good witch, after all. She had never cast a mean spell in her life, and wouldn't think of doing so. And so she was alone without a true friend - except for the ghosts that lived with her in the castle. But a ghost couldn't give her a hug when she was sad, and a ghost couldn't join her for dinner. She longed for a real and true living friend who could be her companion. And then after the strangest of

Join the adventure as Bertha the White Witch sets out across three magical kingdoms in search of the missing guardians - and perhaps finds herself along the way. The follow up to the New York Times bestselling novel, THIEF OF LIES! Being a Sentinel isn't all fairytales and secret gardens. Sure, jumping through books into the world's most beautiful libraries to protect humans from mystical creatures is awesome. No one knows that better than Gia Kearns, but she could do without the part where people are always trying to kill her. Oh, and the fact that Pop and her had to move away from her friends and life as she knew it. And if that isn't enough, her boyfriend, Arik, is acting strangely. Like, maybe she should be calling him "ex," since he's so into another girl. But she doesn't have time to be mad or even jealous, because someone has to save the world from the upcoming apocalypse, and it looks like that's going to be Gia. Maybe. If she survives.
