Authoritative overview of the requirements and costs of monitoring, reporting and verifying emissions from industry to regional and national levels.

Sociological perspectives and their application to social work are an inherent part of the QAA benchmark statements in the social work degree. In addition, graduates must understand how sociological perspectives can be used to dissect societal and structural influences on human behaviour at individual, group and community levels. This fully-revised second edition includes a new chapter on social class and welfare and is mapped to the new Professional Capabilities Framework for Social Work.

The Office for Budget Responsibility was established to provide independent and authoritative analysis of the UK's public finances. Part of this role includes producing the official economic and fiscal forecasts. This report sets out forecasts for the period to 2016-17. The report also assesses whether the Government is on course to meet the medium-term fiscal objectives. The OBR assessment of the outlook and risks for the UK economy is broadly unchanged since the November 2011 report. A technical recession will be avoided with positive growth in the first quarter of 2012. GDP will grow by 0.8% in 2012, 2% in 2013, 2.7% in 2014 and 3% for 2015-16 period. Public sector net borrowing is forecast to total £126 billion, 8.3% of GDP this year which is £1.1 billion less than the November forecast. For 2016-17, the PSNB is then forecast to decline to £21 billion. The fall in PSNB in 2012-13 is much larger than the OBR's November forecast due to the Government's decision to transfer the Royal Mail's historic pension deficit. The Chancellor's decision to cut 50% additional rate income tax to 45% has an estimated direct cost to the Exchequer of £0.1 billion in 2013-14. Other forecasts by the OBR, include: the ILO unemployment rate to rise from 8.4% to 8.7% over the coming year; household disposable income growth to be weak in 2012-13, but consumption to begin to offer some support to the recovery in the second half of the year; that the situation in the euro area remains a major risk to accurate forecasting. The publication is divided into five chapters: Chapter 1: Executive summary; Chapter 2: Developments since the November 2011 forecast; Chapter 3: economic outlook; Chapter 4: Fiscal outlook; Chapter 5: Performance against the Government's fiscal target; Annex A - Budget 2012 policy measures.

Contains the Economic Report of the President as transmitted to the Congress in March 2014," together with The Annual Report of the Council of Economic Advisers" and the Statistical Appendix," and includes many charts and graphs in full color.

Are You Tired of Being Victimized by Racism? Generation B gives real solutions to bring success to Black America Black America suffers. Poverty. Babies with no fathers. Illiteracy. Crime rates through the roof. There are many cry "racism" as the problem, but how many offer solutions that work? A homeless black man said it best, "success is the best revenge." But how can a whole segment of America's population find success when it is so beaten down? Generation B: Black America's Reset to Success offers a revolutionary solution to the problems Black America faces. Author Suru Marek learned to stand up to racism and discrimination in colonial Africa and found fantastic success in America. But he never liked the ever-widening chasm of racial inequality America exhibits. He wondered—what would happen if African Americans applied a cultural blueprint similar to his own? Generation B: Black America's Reset to Success is the result. Discover the magic mix of cultural elements that can bring success to even the most oppressed. Racism exists in America, but you do not need to become a victim to it. Generation B offers a solution for Black America, one which African Americans everywhere are invited to participate. For real change will only happen when black communities across America decide to reset themselves as a culture and change from within.

For more than 40 years the Historic Documents series has made primary source research easy by presenting full primary documents and excerpts from documents on the important events of each year for the United States and the world. Each volume includes approximately 70 events with well over 100 documents from the previous year, from official or other influential reports and surveys, to speeches from leaders and opinion makers, to court cases, legislation, testimony, and much more. Historic Documents is renowned for the well-written and informative background, history, and context it provides for each document. Each volume begins with an insightful essay that sets the year's events in context, and each document or group of documents is preceded by a comprehensive introduction that provides background information on the event. Full-source citations are provided. Readers have easy access to material through a detailed, thematic table of contents and a cumulative five-year index that directs them to related material in earlier volumes.

Renowned for his coverage of China's elite politics and leadership transitions, veteran Sinologist Willy Lam has produced the first book-length study in English of the rise of Xi Jinping—General Secretary of the Chinese Communist Party (CCP) since November 2012. With rare insight, Lam describes Xi's personal history and his fascination with quasi-Maoist values, the factional politics through which he ascended, the configuration of power of the Fifth-Generation leadership, and the country's likely future directions under the charismatic "princeling." Despite an undistinguished career as a provincial administrator, Xi has rapidly amassed more power than his predecessors. He has overawed his rivals and shaken up the party-state hierarchy by launching large-scale anti-corruption and rectification campaigns. With a strong power base in the People's Liberation Army and a vision of China as an "awakening lion," Xi has been flexing China's military muscle in sovereignty rows with countries including Japan, Vietnam, and the Philippines while trying to undermine the influence of the United States in the Asia-Pacific region. While Xi is still fine-tuning his art of governance, his zero tolerance for dissent and his preoccupation with upholding the privileges of the "red aristocracy" and the CCP's status as "perennial ruling party" do not bode well for economic, political, or cultural reforms. Lam takes a close look at Xi's ideological and political profile and considers how his conservative outlook might shape what the new strongman calls "the Great Renaissance of the Chinese race."
