Metal Men Marc Rich And

Marc Rich -- the most wanted white-collar criminal in America -- was one of the most successful metal traders in the world.

Before there was Michael Milken or Ivan Boesky, Rich rose through the ranks to amass a multibillion dollar fortune in the halcyon days of high-flying commodities trading.

the United States for tax evasion. While Copetas's book is ostensibly about Rich and his questionable dealings, it also gives a fairly interesting account of the metals trading industry itself: individualistic, barely regulated, tense, fast-paced, potentially lucrative, and often shady.

Metal Men: Marc Rich and the 10-Billion-Dollar Scam ...

Marc Rich was an international commodities trader, hedge fund manager, financier, and businessman. He founded the commodities company Glencore, and was later indicted in the United States on federal charges of tax evasion and making oil deals with Iran during the Iran hostage crisis. He was in Switzerland at the time of the indictment and never returned

This true story of the multibillionaire who fled to Switzerland “reads like a mystery novel” (USA Today). How did Marc Rich make over ten billion dollars while paying hardly any taxes? Journalist A. Craig Copetas infiltrated the inner circle of the commodities market and Rich’s associates to show not only how the metals and minerals trader pulled off the scam, becoming one of America’s most wanted criminals, but also how other traders have used the same model to evade taxes as well. A continuing figure of controversy even after his death, Rich, a hedge fund manager and the founder of Glencore, was wanted for evading almost ninety million

dollars in taxes and if caught, could have spent life in prison. From a former staff reporter at The Wall Street Journal, Metal Men is a story of international intrigue spanning the globe, from the inside of the White House to the Kremlin, a brilliantly researched work that exposes the inner workings of one of country's largest scams. "Mr. Copetas is at his best evoking the high-stakes, fast-paced life of the commodities traders: the greed and corruption that consume them are the stuff of high drama." —The New York Times Book Review

Access Free Metal Men Marc Rich And The 10 Billion Scam

Billionaire oil trader Marc Rich for the first time talks at length about his private life (including his expensive divorce from wife Denise); his invention of the spot oil market, which made his fortune and changed the world economy; his lucrative and unpublicized dealings with Ayatollah Khomeini's Iran, Fidel Castro's Cuba, war-ravaged Angola, and apartheid South Africa; his quiet cooperation with the Israeli and U.S. governments (even after he was indicted for tax fraud by Rudy Guiliani) and near-comical attempts by U.S. officials to kidnap him illegally. This sure-to-make-headlines book is the first no-holds-barred biography of Rich, who was famously pardoned by Bill Clinton, and resurfaced in the news during the confirmation hearings of Attorney General Eric Holder. The King of Oil sheds stunning new light on one of the most

Access Free Metal Men Marc Rich And The 10 Billion Scam

controversial international businessmen of all time.

The modern world is built on commodities - from the oil that fuels our cars to the metals that power our smartphones. We rarely stop to consider where they have come from. But we should. In *The World for Sale*, two leading journalists lift the lid on one of the least scrutinised corners of the world economy: the workings of the billionaire commodity traders who buy, hoard and sell the earth's resources. It is the story of how a handful of swashbuckling businessmen became indispensable cogs in global markets: enabling an enormous expansion in international trade, and connecting resource-rich countries - no matter how corrupt or war-torn - with the world's financial centres. And it is the story of how some

Access Free Metal Men Marc Rich And The 10 Billion Scam

traders acquired untold political power, right under the noses of western regulators and politicians - helping Saddam Hussein to sell his oil, fuelling the Libyan rebel army during the Arab Spring, and funnelling cash to Vladimir Putin's Kremlin in spite of western sanctions. The result is an eye-opening tour through the wildest frontiers of the global economy, as well as a revelatory guide to how capitalism really works.

"Thanks to this gripping new book ... we know more about how they do it. And it's even more shocking than you think."
--The Independent When most people think of the drama of global finance, they think of stocks and bonds, venture capital, high-tech IPOs, and complex mortgage-backed

Access Free Metal Men Marc Rich And The 10 Billion Scam

securities. But commodities? Crude oil and soybeans? Copper and wheat? What could be more boring? That's exactly what the elite commodity traders want you to think. They don't seek the media spotlight. They don't want to be as famous as Warren Buffett or Bill Gross. Their astonishing wealth was created in near-total obscurity, either in closely held private companies or deep within large banks and corporations, where commodity profits and losses weren't broken out. Now Kate Kelly, the bestselling author of *Street Fighters*, takes us inside this secretive inner circle that controls so many things we all depend on. She gets closer than any previous reporter to understanding these whip-smart, aggressive, and often egomaniacal men who bet millions every day on a blend of facts, analysis, and pure gut

Access Free Metal Men Marc Rich And The 10 Billion Scam

instinct.

Today marks the release of the controversial book "Commodities: Switzerland's Most Dangerous Business". The fact-filled and groundbreaking analysis of the industry, as powerful as it is unknown, shows why resource-rich developing countries remain poor while Switzerland-based commodity companies rake in profits in the billions. And it illustrates the gray areas of a business model whose risks are becoming increasingly apparent. Unnoticed by the public and politicians, Switzerland has become the world's most important commodities hub. Trade in oil, gas, coal, metals and agricultural products - particularly via deals made in Geneva and Zug - has grown by an incredible 1,500 percent

Access Free Metal Men Marc Rich And The 10 Billion Scam

since 1998, according to BD investigations. The result: Seven of the twelve corporations with the highest turnover in Switzerland trade in, and/or mine, commodities. Switzerland has become a global commodity hub thanks to its mix of tax privileges, a strong financial sector, weak regulation and lax embargo policy. The Swiss commodities business is dangerous for developing countries that are blessed with natural resources but that suffer from weak governance. The business is life-threatening for all those who must live amid the filth and toxins of the mines and facilities. The extensive misery of entire countries and the fairytale wealth of a few Swiss top traders are causally related. The book "Commodities: Switzerland's Most Dangerous Business" shows how. The richly-illustrated reference work offers a

Access Free Metal Men Marc Rich And The 10 Billion Scam

portrait of the key firms and people behind the discreet deals, provides insight into the social and ecological consequences for the producing countries, analyzes the practices and repercussions of tax avoidance and speculation, and offers proposals for achieving more justice in a multi-billion-dollar business that affects everyone.

Billionaire oil trader Marc Rich for the first time talks at length about his private life (including his expensive divorce from wife Denise); his invention of the spot oil market which made his fortune and changed the world economy; his lucrative and unpublicized dealings with Ayatollah Khomeini's Iran, Fidel Castro's Cuba, war-ravaged Angola, and apartheid South Africa; his quiet cooperation with the Israeli and U.S.

governments (even after he was indicted for tax fraud by Rudy Giuliani) and near-comical attempts by U.S. officials to kidnap him illegally. This sure-to-make-headlines book is the first no-holds-barred biography of Rich, who was famously pardoned by Bill Clinton, and resurfaced in the news during the confirmation hearings of Attorney General Eric Holder. The King of Oil sheds stunning new light on one of the most controversial international businessmen of all time, charting Rich's rise from the Holocaust, which he fled as a young boy, to become the wealthiest and most powerful oil and commodities trader of the century. From his earliest trading days to the present, Marc Rich's story is astonishing and compelling.
