Construction Guide: Tax and Advisory Services provides CPAs with guidance on the tax considerations that are particular to the construction industry. In addition, it provides CPAs with guidance on engagements for a wide range of situations, including those special to utility contractors, road builders, home construction, commercial construction, residential construction, land developers, real estate developers, and more. The book includes work programs, practice aids, checklists, and sample reports.

Part of the NEW Ginn History series, these colourful KS2 pupil books cover key moments in world history. The series includes Victorian Britain, Ancient Greece, Explorations and Encounters and Britain since 1930. Photography, cartoons and illustration bring the past to life while questions at the end of each chapter provoke further thinking and a Glossary reinforces key words and concepts.

More information to be announced soon on this forthcoming title from Penguin USA.

Conversations with more than fifty celebrities share their thoughts and observations on the nature of happiness

"The Candidate of our #@\$!%?! age." — Ken Liu, award-winning author Catherynne M. Valente, the bestselling and award-winning creator of Space Opera and The Girl Who Circumnavigated Fairyland returns with The Past Is Red, the enchanting, dark, funny, angry story of a girl who made two terrible mistakes: she told the truth and she dared to love the world. The future is blue. Endless blue...except for a few small places that float across the hot, drowned world left behind by long-gone fossil fuel-guzzlers. One of those patches is a magical place called Garbagetown. Tetley Abednego is the most beloved girl in Garbagetown, but she's the only one who knows it. She's the only one who knows a lot of things: that Garbagetown is the most wonderful place in the world, that it's full of hope, that you can love someone and 66% hate them all at the same time. But Earth is a terrible mess, hope is a fragile thing, and a lot of people are very angry with her. Then Tetley discovers a new friend, a terrible secret, and more to her world than she ever expected. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Physical Sciences for NGSS has been specifically written to meet the requirements of the Next Generation Science Standards (NGSS) for High School Physical Sciences (HS-PS). It encompasses all three dimensions of the standards (science and engineering practices, crosscutting concepts, and disciplinary core ideas), addressing the program content through a wide range of engaging student-focused activities and investigations. Through completion of these activities, students build a sound understanding of science and engineering practices, recognize and understand the concepts that link all domains of science, and build the knowledge base required to integrate the three dimensions of the standards to meet the program's performance expectations.
