Depictive secondary predicates, such as 'raw' in 'George ate the fish raw', are central to current issues in syntactic and semantic theory - in particular predication theory, phrase structure theories, issues of control and grammatical relations, and verbal aspect. This is the first book to approach depictive secondary predication from a cross-linguistic perspective. It describes all the relevant phenomena and brings together critical surveys and new contributions on their morphosyntactic and semantic properties. It considers similarities and differences between secondary predicates and other types of adjuncts, including adverbials of manner, comparison, quantity, and location. The authors are leading scholars with a first-hand knowledge of the languages they discuss. Their approach is theory-neutral and pragmatic: they draw on insights and research traditions ranging from the minimalist program to semantic maps methodology. The book will interest scholars working on the semantics or syntax of secondary predicates, adverbials, and the role of agreement and other morphological marking. It has been designed for use in advanced syntax and typology classes.

This book is a comprehensive coursebook, covering all aspects of English Grammar and all relevant topics in Lexis and Structure for secondary and college classes. It is categorically designed as class lessons with specific learning outcomes, which are carefully intended to facilitate inclusive practice. Packed with very relevant and

varied learning activities, this book is simply engaging. Its student-centred learning approach will very certainly help students to develop independent learning skills.

The thoroughly Revised & Updated 3rd Edition of “ Olympiad Champs English Class 4 with Past Olympiad Questions ” is a complete preparatory book not only for Olympiad but also for Class 4 English. The book is prepared on content based on National Curriculum Framework prescribed by NCERT. This new edition has been empowered with Past Questions from various Olympiad Exams like IEO, IOEL, GTSE, etc. in both the exercises of every chapter. Further the book Provides engaging content with the help of Teasers, Do You Know, Amazing Facts & Illustrations, which enriches the reading experience for the children. The questions are divided into two levels Level 1 and Level 2. The first level, Level 1, is the beginner ’ s level which comprises of questions like fillers, analogy and odd one out. The second level is the advanced level. Level 2 comprises of questions based on techniques like matching, chronological sequencing, picture, passage and feature based, statement correct/ incorrect, integer based, puzzle, grid based, crossword, Venn diagram, table/ chart based and much more. Solutions and explanations are provided for all questions at the end of each chapter.

What is good English, and why do we need it? The Queen's English shows how the English language, used properly, has great power to instruct, move and entertain people, but used incorrectly, can lead to a lack of clarity and confusion. This book informs in a light-hearted way, reminding readers how to use the basics of grammar, punctuation and spelling, as well as further teaching them new tips and tricks of style, rhetoric, vocabulary and the use of foreign phrases, to give their writing and speech a stylish and impressive flair. The book also shows the perils of using language incorrectly, offering extremely (if unintentionally) humorous examples of where bad English can cause one thing to mean something entirely different! Authoritive yet entertaining, and illustrated with pithy drawings, this is the ideal book for anyone who strives for clear, stylish and accurate communication.

The thoroughly Revised & Updated 2nd Edition of “ Olympiad Champs English Class 2 with Past Olympiad Questions ” is a complete preparatory book not only for Olympiad but also for Class 2 English. The book is prepared on content based on National Curriculum Framework prescribed by NCERT. This new edition has been empowered with Past Questions from various Olympiad Exams like IEO, IOEL, GTSE, etc. in both the exercises of every chapter. Further the book Provides engaging content with the help of Teasers, Do You Know, Amazing Facts & Illustrations, which enriches the reading experience for the children. The questions are divided into two levels Level 1 and Level 2. The first level, Level 1, is the beginner ’ s level which comprises of questions like fillers, analogy and odd one out. The second level is the advanced level. Level 2 comprises of questions based on techniques like matching, chronological sequencing, picture, passage and feature based, statement correct/ incorrect, integer based, puzzle, grid based, crossword, Venn diagram, table/ chart based and much more. Solutions and explanations are provided for all questions at the end of each chapter.

Successful speaking and understanding requires mechanisms for reliably encoding structured linguistic representations in memory and for effectively accessing information in those representations later. Studying the time-course of real-time linguistic dependency formation provides a valuable tool for uncovering the cognitive and neural basis of these mechanisms. This volume draws together multiple perspectives on encoding and navigating structured linguistic representations, to highlight important empirical insights, and to identify key priorities for new research in this area.
