Guide to Scottish Vocational Qualifications (SVQs)

Although NVQ's such as a NVQ Level 3 can be roughly translated as being at the same level as a GCE Advanced Level or BTEC Level 3 Extended Diploma, in terms of depth and vigor of study, the NVQ cannot be compared with other academic qualifications at the same level, i.e. GCE Advanced Levels and the BTEC Level 3 Extended Diploma (A* at A-Level is equivalent to a D* at BTEC Level 3). For this reason, the NVQ Level 3 does not attract UCAS points and cannot be used for university admission.

A readable and structured guide for the increasing numbers of people each year who consider setting up a small business or becoming self-employed. 'Business Planning' outlines the options and risks involved in setting up a business. The importance of thorough planning is often overlooked and only becomes evident if the business fails. This is highlighted in a recent study by the SFEDI of 486 bankers and accountants where lack of planning was the most common reason cited as to why businesses fail. 'Business Planning' shows how to avoid this failure by focusing on the planning stage and building on this framework as the business develops. This is the only book based around the Small Firms Enterprise Development Initiative (SFEDI) for first time owner-managers. It contains all the underpinning factual information required to prepare and present a successful Business Plan for presentation to a bank manager, or an alternative potential source of finance, or for use in an NVQ portfolio. It is in line with the major syllabuses for Business Start-Up, and can be used as a course book for anyone completing a formal NVQ level 3 qualification in this area, with tips on NVQ structure and assessment.

First published in 1998, this seventh volume of Social Attitudes in Northern Ireland reports the main findings of the Northern Ireland Social Attitudes survey carried out in 1996. In this survey, views were obtained on community relations in Northern Ireland; the growth of home ownership; attitudes to the countryside; the role of government in Northern Ireland; attitudes to the National Health Service; attitudes to the environment and belief and trust in the political process. The various chapters provide a measure of the feelings, attitudes and beliefs of the people of Northern Ireland on a wide range of matters. Many of the chapters chart trends from the early 1990s and analyse changes in attitudes over the period.
