We're all familiar with the Titans of entrepreneurship, Oprah Winfrey, Beyonce, Micheal Jordan, Shonda Rhimes, and the numerous books and articles that have immortalized their raise. However, before anyone can become a titan, he or she must crawl, learn to walk, and mature as an entrepreneur. Competence begets Success, and Success begets Ultra-achievement, but STARTING and LEARNING are the predecessors to all three. Entrepreneur, Master Hairstylist, and Salon Owner, Jacinta Franchon is well on her way to becoming a Titan, but she's already successful. A stylist in another salon just a few short years ago, Jacinta now owns the popular Franchon Parlor (Columbia, MD), online hair retailer, JFRemy Hair, and is developing several new products and services. The Parlour Entrepreneur Workbook is an educational/anecdotal guide written in a "now" context, that shares the techniques and strategies Jacinta has used to position herself and continues to use to expand her businesses. The book is filled with lessons, examples, and straightforward information designed to get aspiring entrepreneurs thinking proactively now, not tomorrow. Also embedded in the workbook are assignments and tasks that push readers to get in the trenches and do the work necessary to grow and move from points A to B and onward. It's not about self-help and motivation as much as practical information that encourages ACTION, not contemplation. It's one thing to read about how someone succeeded, it's another matter entirely to walk alongside a successful entrepreneur, in real-time, who is still on the journey, and execute the same strategies.

Milady has evolved for over 85 years to become what it is today, the cornerstone of beauty and wellness education. We are very excited and proud to announce the latest edition of Milady Standard Cosmetology, the most commonly used resource in cosmetology education. For decades since our first textbook published, it has been our commitment to provide students with the foundation in the principles and skills needed to master the science and art of cosmetology, and with this latest version that commitment has not waived. For the new edition, celebrity stylist Ted Gibson served as Creative Director on the project. The result is a brilliant new design with over 750 new photos and a gorgeous layout, providing a visually stunning resource to engage today's learner. We also recruited a team of twelve authors, made up of top professionals and educators in the industry, to provide the most current information on concepts and techniques. During our extensive peer review and development process, we were asked for a resource that placed emphasis on essential content needed for licensure success, and we feel confident that we delivered. Milady Standard Cosmetology will continue to be a source of education that students can count on, not only while in school, but throughout their careers. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
