When the Ferengi plan to enslave the people of Megara and use them to destroy the Federation, Captain Jean-Luc Picard of the Starship Enterprise must try to convert a duplicitous ambassador to the planet to good. Original.

Before he commanded the Starship Enterprise, Jean-Luc Picard was the captain of the deep space exploration vessel, the U.S.S. Stargazer, on an incredible twenty-two year voyage. Now Picard is reunited with his old crew for the first time in over a decade, on a mission to see his former first officer installed as ruler of the Daa'Vit Empire. The reunion turns deadly when a ruthless assassin begins eliminating the U.S.S. Stargazer crew one by one. Picard's present and former shipmates must join forces to solve the mystery of the Captain's past, before the killer strikes again.

When a famous Federation scientist dies, his son puts his inventions up for sale to the highest bidder, be they Federation, Klingon, Romulan, or Cardassian. Among the items at auction is a photon pulse canon capable of punching through a starship's shields with a single shot. Meanwhile, Wesley Crusher is kidnapped from the Academy by renegade Ferengi who have set their sights on the photon canon as well, and Captain Picard must outmaneuver enemies on every side to save Wesley and protect the Enterprise™ from the deadly fire of the new canon.

Klingons is the people of Organia, avowed pacifists. Forced to disguise themselves as interstellar traders, Captain Kirk and Mister Spock are trapped on the primitive world of Organia as Klingon Defense Forces occupy the planet. Determined to make the Organians see that they need not bow to oppression, the Starfleet officers sabotage Klingon materiel. In retaliation, the Klingon captain, Kor, executes many Organians. Unconcerned, the Council of Elders begs Kirk and Spock to stop the violence. While in deep space the forces of Starfleet and the Klingon Empire scramble to position their fleets for the first onslaught of what could be a long and deadly war.

It isn't always those in command of a starship that make the important decisions -- sometimes those below decks can hold the fate of the ship in their hands... The news from Starfleet Command is grim: the Federation is on the brink of a full-scale war against the Klingon Empire -- a war that they may not be able to win. In anticipation of the coming conflict, the USS Enterprise is assigned to guard a strategically vital starbase located close to Klingon space. But even as their mission brings them into a tense confrontation with a Klingon battle cruiser, a equally deadly menace lurks within the ranks of Kirk's own crew: Klingon infiltrator agents, posing as Starfleet officers and sworn to destroy the enemies of the Empire -- even at the cost of their own honour.
