Written by two birth doulas and intuitive healers, this book tells the metaphorical story of a fictional goddess who must walk through 7 Gates of Transformation in order to become a Mother. At the final gate, she must surrender to the ultimate sacrifice—spiritual death—so she can be reborn into motherhood. Each gate perfectly illustrates the 7 emotional, psychological, and often subconscious sacrifices that every laboring woman experiences, whether willingly or not. This book is a guide to help pregnant women understand birth as a divine journey and master how to walk through each gate with empowered sacrifice, purpose, and zeal through tools, rituals, and integrative practices.

In *The Four Sacred Gifts*, visionary international business consultant Anita Sanchez, PhD, reveals the timely prophecy entrusted to her by a global collective of indigenous elders—four guiding gifts that “will allow you to set yourself free to live your most successful life...learn how to forgive, to heal, to unite with all life, and to revitalize hope” (Jack Canfield, co-author of *Chicken Soup for the Soul*). As we ride the powerful waves of change occurring in our economic, social, political, and physical environment, indigenous wisdom is needed—now more than ever—to guide us to inhabit the fullest and healthiest lives possible. *The Four Sacred Gifts* opens your mind and heart to an indigenous worldview that will ultimately free you from fear and empower you to find peace even in the conflicts of our tumultuous world. Based on a prophecy that is now coming true, this book reveals how our world depends on each of us discovering a interconnectedness to people, earth, and animals, in the awareness that we are “all one relation.” Within these pages, you will find deep wisdom of elders from all continents as they come together to give you four sacred gifts: the power to forgive the unforgivable, the power of unity, the power of healing, and the power of hope. These gifts will guide you to transformation, and support your journey to wholeness. By following the powerful principles, lessons, and tools found in this book, you will experience personal breakthroughs, become a force for conscious, societal evolution, and learn to live in deeper harmony with all of humanity.

The first 40 days after the birth of a child offer an essential and fleeting period of rest and recovery for the new mother. Based on author Heng Ou's own postpartum experience with *zuo yuezi*, a set period of “confinement,” in which a woman remains at home focusing on healing and bonding with her baby, *The First Forty Days* revives the lost art of caring for the mother after birth. As modern mothers are pushed to prematurely “bounce back” after delivering their babies, and are often left alone to face the physical and emotional challenges of this new stage of their lives, the first forty days provide a lifeline—a source of connection, nourishment, and guidance. The book includes 60 simple recipes for healing soups; replenishing meals and snacks; and calming and lactation-boosting teas, all formulated to support the unique needs of the new mother. In addition to the recipes, this warm and encouraging guide offers advice on arranging a system of help during the postpartum period, navigating relationship challenges, and honoring the significance of pregnancy and birth. *The First Forty Days*, fully illustrated to feel both inspiring and soothing, is a practical guide and inspirational read for all new mothers and mothers-to-be—the perfect ally during the first weeks with a new baby.

Winner of a 2017 NAACP Image Award for Outstanding Literary Work, this moving manifesto “empowers women to access a fearlessness that will enable community progress” (Essence). Through one incredible woman's journey from a small Zimbabwe village to becoming one of the world's most recognizable voices in women's empowerment and education, this book “can help any woman achieve her full potential” (Kirkus Reviews). Before Tererai Trent landed on Oprah's stage as her “favorite guest of all time,” she was a woman with a forgotten dream. As a young girl in a cattle-herding village in Zimbabwe, she dreamed of receiving an education but instead was married young and by eighteen, without a high school graduation, she was already a mother of three. Tererai encountered a visiting American woman who assured her that anything was possible, reawakening her sacred dream. Tererai planted her dreams deep in the earth and prayed they would grow. They did, and now not only has she earned her PhD but she has also built schools for girls in Zimbabwe, with funding from Oprah. *The Awakened Woman: A Guide for Remembering & Igniting Your Sacred Dreams* is her accessible, intimate, and evocative guide that teaches nine essential lessons to encourage all women to reexamine their dreams and uncover the power hidden within them—power that can recreate our world for the better. Tererai points out that there is a massive, untapped, global resource in women who have, for one reason or another, set aside their wisdom, their skills, and their dreams in order to take care of the personal business of their lives. Not only is this a type of invisible suffering experienced by countless women, this rich resource is a secret weapon for improving our world. Women have the capacity to inspire, to create, to transform—and Tererai's call to action “shines as a beacon of hope to women everywhere” (Danica McKellar, actress and New York Times bestselling author).

A touching and surprising memoir about one woman's journey to motherhood and family that illustrates the power of love and triumph of the human spirit. After three heartbreaking losses, Adrienne Arieff thought her dreams of becoming a mother might never come true. She and her husband soon discovered, however, that parenthood was still possible, but it would require a gift from a perfect stranger, faith and determination. Half a mile away, in a small village in India, Vaina was happily married with three small children, but with little means to support her family or to build a better life. So Adrienne traveled to Anand, in a remote rural pocket of India near the Pakistani border, where the Akansksha clinic is located, to meet with Dr. Nayna Patel, an expert in surrogacy. There, Adrienne met Vaina, who courageously agreed to be a surrogate and carry Adrienne's child, an act which would, in turn, help Vaina to provide for her own children. After a course of IVF in India, Adrienne's role was just beginning in a process that as yet has no firm set of social mores. Unlike many genetic moms who return to their homes and wait for their baby to be born, Adrienne couldn't bear to have this pregnancy progress without her. She wanted to feel a connection both to her growing child and to Vaina, the woman who was offering this remarkable gift. So Adrienne decided to go back to Anand, to be Vaina's partner for the last months of her pregnancy. This choice brought its own heartaches and revelations, chief among them, how do you develop a relationship when you don't share a language or culture? But somehow these two mothers, united by a shared goal, found that within weeks, they could say anything and everything with just one look, one squeeze of the hand, one smile. Poignant, eye-opening, and bittersweet, *The Sacred Thread* is a memoir of the astonishing journey these two young women took to create a family through international surrogacy. It is the very personal story of embarking upon this process, and shedding light on a growing medical trend that is often shrouded in misconception and prejudice. But, more importantly, *The Sacred Thread* is a tale of immersing oneself in a foreign culture and foreign land; becoming part of a group of expectant mothers, bonded by their hope for children, and following them on the euphoric highs and crushing lows of their journey; and the development of a deep bond between women who have absolutely nothing in common, except for a shared love of family and children.
