Tarikh Ibn Asakir

Born in Damascus, during the reign of atabeg Toghtekin, Ibn Asakir received an extensive education, as befitting someone from a wealthy family. By 1120, he was attending lectures of al-Sulami at the Shafi'i madrasa, which was built by atabeg Gumushtegin. He traveled to Baghdad, following the death of his father, and went on hajj in 1127.

¶Ali ibn ¶Asakir (1105¶1176) was one of the most renowned experts on Hadith and Islamic history in the medieval era. His was a tumultuous time: centuries of Shi¶i rule had not long ended in central Syria, rival warlords sought control of the capital, and Crusaders had captured

Jerusalem. Seeking the unification of Syria and Egypt, and the revival of Sunnism in both, Ibn Asakir served successive Muslim rulers, including Nur al-Din and Saladin, and produced propaganda against both the Christian invaders and the Shi'is. This, together with his influential writings and his advocacy of major texts, helped to lay the foundations for the eventual Sunni domination of the Levant – a domination which continues to this day.

The Messenger of God is, for Muslims, in every aspect of his life, an unfailing guide that we need to follow meticulously. He was sent to the world as a Messenger for all who would live and breathe on earth until the Last Day and led a full life with

the potential to solve every possible problem. His days of Prophethood are akin to compressed files; with each page that is opened, new windows and doors are opened, and new alternative solutions presented, which are commensurate with our intention and clarity of vision.

The life of Imam Hasan (as) was both eventful and full of lessons, and yet the significance of his role seems to have been ignored, forgotten, or eclipsed by the extent of focus on Imam Husayn (as). Why has history blackened the radiant face of that Imam in whose adoration forty thousand people unanimously raised their hands to pledge allegiance, and the outside of whose house was continually overflowing with people?

This book narrates the life of Prophet Muhammad, peace be upon him, shedding

light upon segments of his life that are either neglected or glossed over in conflict-focused biographies. The narrations in this book revolve around the Prophet's various strategies of diplomacy and reconciliation to avoid conflicts. In narrating these events, the book helps the readers broaden their perspective on the life of the Messenger of God and better capture the ethos of his life. Indeed, both Muslims and non-Muslims may benefit from this understanding at a time when violent extremist groups such as ISIS are causing carnage with their brutality while dressing their totalitarian ideologies in Muslim garb. The book exposes the hypocritical and willful deception of these radical groups which cherry-pick incidents and sayings from the Prophet's life, decontextualize them, and abuse them to serve their perverted ideologies. The extensive evidence presented in this book

will not only dispel many myths about the life and message of the Noble Prophet, but also show how through compassionate efforts he conquered the hearts of people around him and turned them from die-hard enemies to devoted faithful friends.

Drawing on canon studies, this book investigates the origins, development and functions of the core of the Sunni 'authentic' hadith collections of al-Bukhari and Muslim, from the time of their authors to the modern period.

I dedicate this work to the pioneers of recording the Hadith from the past generations, and to those who follow their steps in principles, course and belief, and to men of the Shariah—students, teachers and researchers, and to everyone who
