The End of Mr Y shares the story of Ariel Manto, a PhD student obsessed by the 19th century writer Thomas Lumas. He was the writer of the original 'The End of Mr. Y', a book that is now incredibly rare and rumoured to be cursed – everyone who has read it has died soon afterwards. When Manto finds a second hand copy she is over the moon.

The End of Mr. Y: Amazon.co.uk: Thomas, Scarlett ...

The End of Mr Y is a cocktail of postmodern philosophy, quantum physics, metafiction, science fiction and adventure. If any of that sounds intimidating, rest assured that this isn't like reading Derrida, Heidegger, Baudrillard or any of the convoluted philosophies that Ariel Manto likes to immerse herself in.

The End of Mr. Y by Scarlett Thomas - Goodreads

Review: The End of Mr Y by Scarlett Thomas

The End of Mr. Y is a big novel of ideas, and it goes after the very biggest ideas, too. God, reality, and everything. Much of the plot -- beyond the Troposphere-concept itself -- is far-fetched, and quite a bit of the plot and ideas hackneyed, but Thomas has a sure enough hand that one barely notices.

The End of Mr. Y - Scarlett Thomas

Ariel Manto has a fascination with nineteenth-century scientists--especially Thomas Lumas and The End of Mr. Y, a book no one alive has read. When she mysteriously uncovers a copy at a used bookstore, Ariel is launched into an adventure of science and faith, consciousness and death, space and time, and everything in between.

'Ingenious and original' Philip Pullman If you knew a book was cursed, would you still read it? When Ariel Manto uncovers a copy of The End of Mr. Y in a second-hand bookshop, she can't believe her eyes. She knows enough about its author, the outlandish Victorian scientist Thomas Lumas, to know that copies are exceedingly rare. And, some say, cursed. With Mr. Y under her arm, Ariel finds herself thrust into a thrilling adventure of love, sex, death and time-travel.

IF YOU KNEW A BOOK WAS CURSED, WOULD YOU READ IT? When Ariel Manto uncovers a copy of The End of Mr Y in a second-hand bookshop, she can't believe her eyes. She's read about its author before, the outlandish Victorian scientist Thomas Lumas, and this is his most notorious, and rarest, book. It is also believed to hold a curse. Anyone who's ever read it, including Lumas, has disappeared without trace. With Mr Y under her arm, Ariel is thrust into an adventure of faith, physics, love, death, and everything in between. Part gothic mystery, part time-travelling love story, The End of Mr Y lies somewhere between Shadow of the Wind and Dr Who. Scarlett Thomas sends us on a wild and irresistible quest into our deepest selves and our biggest questions.

copies are exceedingly rare. And, some say, cursed. With Mr. Y under her arm, Ariel finds herself thrust into a thrilling adventure of love, sex, death and time-travel.

From the author of *The Seed Collectors* comes a darkly comic take on power, privilege, and the pressure put on young women to fit in--and be thin--at their all-girls boarding school. It's already the second week of term when Natasha, the daughter of a Russian oligarch, arrives at a vast English country house for her first day of boarding school. She soon discovers that the headmaster gives special treatment to the skinniest girls, and Tash finds herself thrown into the school's unfamiliar, moneyed world of fierce pecking orders, eating disorders, and Instagram angst. The halls echo with the story of Princess Augusta, the White Lady whose portraits--featuring a hypnotizing black diamond--hang everywhere and whose ghost is said to haunt the dorms. It's said that she fell in love with a commoner and drowned herself in the lake. But the girls don't really know anything about the woman she was, much less anything about one another. When Tash's friend Bianca mysteriously vanishes, the routines of the school seem darker and more alien than ever before. Tash must try to stay alive--and sane--while she uncovers what's really going on. Darkly hilarious, *Oligarchy* is *Heathers* for the digital age, a Prep populated with the teenage children of the European elite, exploring youth, power, and affluence. Scarlett Thomas captures the lives of these privileged young women, in all their triviality and magnitude, seeking acceptance and control in a manipulative world.

A complex and fiercely contemporary tale of inheritance, enlightenment, life, death, desire and family trees, *The Seed Collectors* is the most important novel yet from one of the world's most daring and brilliant writers. Great Aunt Oleander is dead. To each of her nearest and dearest she has left a seed pod. The seed pods might be deadly, but then again they might also contain the secret of enlightenment. Not that anyone has much time for enlightenment. Fleur, left behind at the crumbling Namaste House, must step into Oleander's role as guru to lost and lonely celebrities. Bryony wants to lose the weight she put on after her botanist parents disappeared, but can't stop drinking. And Charlie struggles to make sense of his life after losing the one woman he could truly love. As Henry James said of *George Eliot's Middlemarch*, *The Seed Collectors* is a "treasurehouse of detail" revealing all that it means to be connected, to be part of a society, to be part of the universe and to be human.

This "delightfully whimsical novel riffs on the premise that ordinary lives stubbornly resist the tidy order that a fiction narrative might impose on them" (Publishers Weekly). Can a story save your life? Meg Carpenter is broke. Her novel is years overdue. Her cell phone is out of minutes. And her moody boyfriend's only contribution to the household is his sour attitude. So she jumps at the chance to

## Where To Download The End Of Mr Y

review a pseudoscientific book that promises life everlasting. But who wants to live forever? Consulting cosmology and physics, tarot cards, koans (and riddles and jokes), new-age theories of everything, narrative theory, Nietzsche, Baudrillard, and knitting patterns, Meg wends her way through *Our Tragic Universe*, asking this and many other questions. Does she believe in fairies? In magic? Is she a superbeing? Is she living a storyless story? And what's the connection between her off-hand suggestion to push a car into a river, a ship in a bottle, a mysterious beast loose on the moor, and the controversial author of *The Science of Living Forever*? Smart, entrancing, and boiling over with Thomas's trademark big ideas, *Our Tragic Universe* is a book about how relationships are created and destroyed, how we can rewrite our futures (if not our histories), and how stories just might save our lives.

Alice Butler has been receiving some odd messages - all anonymous, all written in code. Are they from someone at PopCo, the profit-hungry corporation she works for? Or from Alice's long lost father? Or has someone else been on her trail? The solution, she is sure, will involve the code-breaking skills she learned from her grandparents and the key she's been wearing round her neck since she was ten. PopCo is a grown-up adventure of family secrets, puzzles, big business and the power of numbers.

"This middle grade series starter is tailor-made for Harry Potter's fans." –Kirkus Reviews For fans of the *Land of Stories* and the *Wings of Fire* Series, this first enchanting adventure from acclaimed novelist Scarlett Thomas is set in a wondrous realm where magic most decidedly exists, a growing evil lurks, and a group of children is destined to save the world. Effie Truelove believes in magic, as does her grandfather Griffin (although he refuses to do any magic, let alone teach Effie how to use it). After a mysterious incident leaves Griffin close to death, Effie is given an unusual silver ring and told she must look after her grandfather's library of rare and powerful books. But then the books fall into the hands of shady scholar Leonard Levar, and Effie is propelled into the most dangerous adventure of her life. Now, Effie and her friends—nerdy Maximilian, rugby-mad Wolf, helpful Lexy, and eccentric Raven—must discover their true powers if they are to get the books back. And Effie alone will have to travel to the Otherworld, where she will uncover the true meaning of the strange old book called *Dragon's Green*...

Lily Pascale's fascination with crime fiction helps her find a job at a local college and comes in handy when two students turn up dead and she finds herself investigating the crime. Reprint.

Exploring great plots from Plato to *The Matrix*, from Tolstoy to *Toy Story*, Scarlett Thomas's new book

is for writers and readers who want to unlock any narrative and create their own. Filled with creative exercises, structures, and charts, Thomas' manual breaks down the fiction writing process and demonstrates that everyone has material to write about, whether they believe it or not. Have you ever had your heart broken, or broken someone else's heart? Have you ever won an argument but later realized you were wrong? Have you ever tripped in public or spilled wine on someone else's carpet? *Monkeys with Typewriters* is an ode to the secret power of stories, and a guide to cracking those powers open. As a bestselling author, Thomas may appear as a naturally gifted writer. However, for Thomas, fiction unlocked itself only once she recognized the importance of an author's individual experience and one's willingness to ask questions, not simply provide solutions. She deems the communication of one's humanity as the key to making a piece relatable, and Thomas does nothing less in her own work. With startling and original insights into how we construct stories, *Monkeys with Typewriters* is a creative writing book like no other. It will show you how to not only write, but also to a finer degree, how to read.
