The Theory of Everything: Origin and Fate of the Universe - Stephen Hawking - Unabridged AudiobookThe Great Escape Princeton University

"The Great Escape by Angus Deaton, the Scotsman who got this year's Nobel Prize in economics, is an extremely thoughtful overview of economic development and what goes into it. In ways the book is a stirring tale of the long march since the Industrial Revolution out of generalized poverty to the much more prosperous world we know today, with close attention to the relationship between rising ...

The Great Escape - Princeton University

In The Great Escape, Angus Deaton—one of the foremost experts on economic development and on poverty—tells the remarkable story of how, beginning 250 years ago, some parts of the world experienced sustained progress, opening up gaps and setting the stage for today's disproportionately unequal world. Deaton takes an in-depth look at the historical and ongoing patterns behind the health and wealth of nations, and addresses what needs to be done to help those left behind.
