The Russian Quest for Peace and Democracy, by Metta Spencer, traces the changing orientations toward peace and democracy among Soviet/Russian citizens since 1982, revealing the extreme influence of transnational civil society on Gorbachev's policies and on the social capital democracy requires. This book is indispensable for those studying comparative international affairs, peace

coherence. This moment is observable through the lens of critical struggles of those who experience disempowerment, displacement and development contradictions. In this book, case studies serve as an effective means of teaching key concepts and theories in the sociology of development. This collection of cases, all original, never previously published and with framing essays by Phillip McMichael, has been written with this purpose in mind. An important additional feature is that the book as a whole reveals the limiting assumptions of development and suggests

alternate conditions of possibility for social existence in the world today. In that sense, the book pushes the boundaries of "thinking about development" and makes an important theoretical contribution to the literature.

"An extraordinary book which makes a vital contribution to our understanding of the potential power for healing and goodness in 'television entertainment'." Arlie Hochschild, author of *The Time Bind* (2001) "Despite the light title, this is a serious book about the healing possibilities of

Download File PDF The Sovereign Quest Freedom

television. ! Provocative and enlightening." Beth Montemurro, Penn State University Can television be a positive force in society? Can socially conscious entertainment change the world? Two Aspirins and Comedy arrives at surprising and unconventional answers to these questions. Metta Spencer delves deep into the significance and power of entertainment as a means to influence society. She finds current examples of socially constructive television and demonstrates how mass entertainment can better use its power to positively influence society. In a climate where television is

Download File PDF The Sovereign Quest Freedom

often a culprit for society's woes, Spencer casts a redemptive eye on the medium. She asserts that television, like other fictional landscapes, offers invaluable lessons, emotional bonding and catharsis for a modern society whose members are increasingly isolated.

The Historical Dictionary of the Philippines, Third Edition contains a chronology, an introductory essay, an extensive bibliography, and several hundred cross-referenced dictionary entries.

I covers country specific reviews, including Japan, China, South Korea, India, and Singapore. Part II offers a series of thematic chapters, such as democratization, social enterprise, civic activism, and the media. As an analysis of Asian social, cultural, and political phenomena from the perspective of civil society in the post-World War II era, this book will be useful to students and scholars of Asian Studies, Asian Politics, and Comparative Politics.

Residents of Vieques, a small island just off the

Download File PDF The Sovereign Quest Freedom

east coast of Puerto Rico, live wedged between an ammunition depot and live bombing range for the U.S. Navy. Since the 1940s when the navy expropriated over two-thirds of the island, residents have struggled to make a life amid the thundering of bombs and rumbling of weaponry fire. Like the army's base in Okinawa, Japan, the facility has drawn vociferous protests from residents who challenged U.S. security interests overseas. In 1999, when a local civilian employee of the base was killed by a stray bomb, Vieques again erupted in protests that have mobilized

Download File PDF The Sovereign Quest Freedom

tens of thousands individuals and transformed this tiny Caribbean Island into the setting for an international cause célèbre. Katherine T. McCaffrey gives a complete analysis of the troubled relationship between the U.S. Navy and island residents. She explores such topics as the history of U.S. naval involvement in Vieques; a grassroots mobilization led by fishermen that began in the 1970s; how the navy promised to improve the lives of the island residents and failed; and the present-day emergence of a revitalized political activism that has

Download File PDF The Sovereign Quest Freedom

effectively challenged naval hegemony. The case of Vieques brings to the fore a major concern within U.S. foreign policy that extends well beyond Puerto Rico: military bases overseas act as lightning rods for anti-American sentiment, thus threatening this countrys image and interests abroad. By analyzing this particular, conflicted relationship, the book also explores important lessons about colonialism and postcolonialism and the relationship of the United States to the countries in which it maintains military bases.
