~~The Wisdom of Insecurity: A Message for an Age of Anxiety ...~~

The Wisdom of Insecurity is a classic book which draws on Watts' extensive experience both in Eastern philosophy (he was almost a Zen monk) and Western religion (he was an ordained Anglican priest). As such it represents his views, rather than any particular orthodoxy.

~~Book Review: The Wisdom of Insecurity | Scott H Young~~

"The Wisdom of Insecurity" is, really, a book everyone should read. Alan Watts wrote it more than seventy years ago, and it seems like he was ahead of his times! Our age is much more anxious than his. And we are much less happy. This book may help you find a way out. Or, at least, understand why.

~~The Wisdom of Insecurity PDF Summary - Alan Watts | 12min Blog~~

The Wisdom Of Insecurity Review. You don't need validation. You don't need reassurance. The world only tries to sell you things you don't need, because there's a lot of money in getting you to believe that's what'll make you happy. But you don't need any of that. You're the best as you are, go do shit you love!

"The perfect guide for a course correction in life, away from materialism and its empty promise" (Deepak Chopra), The Wisdom of Insecurity shows us how-in an age of unprecedented anxiety-we must embrace the present and live fully in the now in order to live a fulfilling life. Spending all our time trying to anticipate and plan for the future and to lamenting the past, we forget to embrace the here and now. We are so concerned with tomorrow that we forget to enjoy today. Drawing from Eastern philosophy and religion, Alan Watts shows that it is only by acknowledging what we do not-and cannot-know that we can learn anything truly worth knowing. "Perhaps the foremost interpreter of Eastern disciplines for the contemporary West, Watts had the rare gift of 'writing beautifully the unwritable.'" -Los Angeles Times

Suggests that the best way to achieve security in life is to let go of the anxiety associated with the past and future, understand and accept the limits of technology and science, and to focus on the present moment.

'A revelatory classic' Maria Popova 'A spiritual polymath, the first and possibly greatest' Deepak Chopra What we have forgotten is that thoughts and words are conventions, and that it is fatal to take conventions too seriously Too often we fall into the trap of anticipating the future while lamenting the past and in the midst of this negative loop we forget how to live in the now. In this iconic and prescient text, pioneering Zen scholar Alan Watts shows us how, in an age of unprecedented anxiety, we must embrace the present in order to live a fulfilling life.

An annotated critical edition of Auden's last, longest book-length poem.

In this collection of essays, Watts displays the playfulness of thought and simplicity of language that has made him one of the most popular lecturers and authors on the spiritual traditions of the East. Watts draws on a variety of religious traditions and explores the limits of language in the face of spiritual truth.

A witty attack on the illusion that the self is a separate ego that confronts a universe of alien physical objects.

Alan Watts introduced millions of Western readers to Zen and other Eastern philosophies. But he is also recognized as a brilliant commentator on Judeo-Christian traditions, as well as a celebrity philosopher who exemplified the ideas – and lifestyle – of the 1960s counterculture. In this compilation of controversial lectures that Watts delivered at American universities throughout the sixties, he challenges readers to reevaluate Western culture's most hallowed constructs. Watts treads the familiar ground of interpreting Eastern traditions, but he also covers new territory, exploring the counterculture's basis in the ancient tribal and shamanic cultures of Asia, Siberia, and the Americas. In the process, he addresses some of the era's most important questions: What is the nature of reality? How does an individual's relationship to society affect this reality? Filled with Watts's playful, provocative style, the talks show the remarkable scope of a philosopher at his prime, exploring and defining the sixties counterculture as only Alan Watts could.

The widespread influence of Buddhism is due in part to the skill with which a way of liberation was refined by it's teachers and became accessible to people of diverse cultures. In this dynamic series of lectures, Alan Watts takes us on an exploration of Buddhism, from its roots in India to the explosion of interest in Zen and the Tibetan tradition in the West. Watts traces the Indian beginnings of Buddhism, delineates differences between Buddhism and other religions, looks at the radical methods of the Mahayan Buddhist, and reviews the Four Noble Truths and The Eightfold Path

Philosopher, author, and lecturer Alan Watts (1915-1973) popularized Zen Buddhism and other Eastern philosophies for the counterculture of the 1960s. Today, new generations are finding his writings and lectures online, while faithful followers worldwide continue to be enlightened by his teachings. The Collected Letters of Alan Watts reveals the remarkable arc of Watts's colorful and controversial life, from his school days in England to his priesthood in the Anglican Church as chaplain of Northwestern University to his alternative lifestyle and experimentation with LSD in the heyday of the late sixties. His engaging letters cover a vast range of subject matter, with recipients ranging from High Church clergy to high priests of psychedelics, government officials, publishers, critics, family, and fans. They include C. G. Jung, Henry Miller, Gary Snyder, Aldous Huxley, Reinhold Niebuhr, Timothy Leary, Joseph Campbell, and James Hillman. Watts's letters were curated by two of his daughters, Joan Watts and Anne Watts, who have added rich, behind-the-scenes biographical commentary. Edited by Joan Watts & Anne Watts

Six revolutionary essays from "the perfect guide for a course correction in life, away from materialism and its empty promise" (Deepak Chopra), exploring the relationship between spiritual experience and ordinary life—and the need for them to coexist within each of us. With essays on "cosmic consciousness" (including Alan Watts' account of his own ventures into this inward realm); the paradoxes of self-consciousness; LSD and consciousness; and the false opposition of spirit and matter, *This Is It and Other Essays on Zen and Spiritual Experience* is a truly mind-opening collection.
