Infiltrate. Befriend. Sabotage. World War II is raging. Michael O'Shaunessey, originally from Ireland, now lives in Nazi Germany with his parents. Like the other boys in his school, Michael is a member of the Hitler Youth. But Michael has a secret. He and his parents are spies. Michael despises everything the Nazis stand for. But he joins in the Hitler Youth's horrific games and book burnings, playing the part so he can gain insider knowledge. When Michael learns about Projekt 1065, a secret Nazi war mission, things get even more complicated. He must prove his loyalty to the Hitler Youth at all costs -- even if it means risking everything he cares about. Including... his own life. From acclaimed author Alan Gratz (Prisoner B-3087) comes a pulse-pounding novel about facing fears and fighting for what matters most.

10 concentration camps. 10 different places where you are starved, tortured, and worked mercilessly. It's something no one could imagine surviving. But it is what Yanek Gruener has to face. As a Jewish boy in 1930s Poland, Yanek is at the mercy of the Nazis who have taken over. Everything he has, and everyone he loves, have been snatched brutally from him. And then Yanek himself is taken prisoner -- his arm tattooed with the words PRISONER B-3087. He is forced from one nightmarish concentration camp to another, as World War II rages all around him. He encounters evil he could have never imagined, but also sees surprising glimpses of hope amid the horror. He just barely escapes death, only to confront it again seconds later. Can Yanek make it through the terror without losing his hope, his will -- and, most of all, his sense of who he really is inside? Based on an astonishing true story.

"This program helps students unlock the meaning of over 60% of the words they encounter in the classroom and beyond with a systematic approach to teaching vocabulary using Greek and Latin prefixes, bases, and suffixes. Students are introduced to one new root per lesson with daily activities to ensure that they learn the root and the many English words it generates. The teacher's guide includes lesson plans with detailed notes about words from each root,
